

Friends for Life

PLAN FOR YOUR PET'S FUTURE.

Stop worrying about what will happen to your pet once you are no longer able to care for them. Animal Care Society's Friends for Life program was created exclusively to help pet's have a safe haven for their beloved pets. This program allows donors to designate the Animal Care Society as temporary caregivers for the pets who outlive them. These pets will arrive at the adoption center as VIPs and will be treated as friends. Above all, we want you to feel comfortable knowing that the pets you have cherished are well cared for and will be placed into another loving home.

PROGRAM BENEFITS

- Up to five pets can be surrendered when donors enter a long-term care facility, hospice program or after a donor passes.
- All pets enrolled in the Friends for Life program are treated as VIPs which includes access to the our foster care program (if a foster home is available).
- Staff and volunteers will make every effort to alleviate stress and anxiety through personal attention and lots of love!
- Once evaluated to ensure proper placement, your pets will be placed up for adoption and matched with a family who will be purrfect for them!

HOW TO ENROLL

- Add Animal Care Society to your will or estate planning documents to ensure your pets can enter into ACS's Friends for Life program.
- Name Animal Care Society as a beneficiary of your estate with a minimum \$5,000 gift, and provide a copy of the document to Animal Care Society's Executive Director.
- Complete the detailed Pet Profile to help ACS better know your beloved pet.
- Inform your executor, family members, friends and neighbors that you have enrolled in the Friends for Life program and instruct them to contact ACS when the time comes, allowing us to start caring for your pet as soon as possible.

Enrollment Application

Friends for Life Program

The following form identifies the pet that I/we are enrolling in the Friends for Life program with Animal Care Society with the understanding that if the pet survives me/us, Animal Care Society will make every reasonable effort to find a suitable home for my pet and to provide and necessary medical care until adoption. After adoption, Animal Care Society will follow up with the adopters over the life of the pet to ensure the pet is getting any medical attention they may require.
